Requirements**

**Agile Planning for Software
Products**

**Reviews & Metrics for
Software Improvements**

Jul 20, 2025

Al Rey Villagracia

has successfully completed the online, non-credit Specialization

Software Product Management

The recipient of this certificate has completed the Software Product Management Specialization. This achievement required mastering the knowledge and demonstrating the application of Agile practices within software processes, requirements, planning, and improvement to create better software products. The final Capstone course assessed the acquired knowledge and skills in a practical scenario involving product team interactions, which simulated the development of a software product from inception to delivery.
